

Kids Cross-Border Camp Lipno

Connected Young Cyclists from the Czech Republic and Germany

Last weekend, the Kids Cross-Border Camp Lipno took place around the Lipno Reservoir. Its main goal was to build cooperation between two sports clubs – **Bike klub Vimperk z.s.** (also known as **ROUVY**) and the German **TSV Wegscheid 1894 e.V.**

A total of **36 children participated** in the camp, 21 from the Czech Republic and 15 from Germany. Throughout the weekend, a varied sports and accompanying program was prepared, enabling children not only to improve their cycling skills but also to form new friendships across borders.

The main focus of the camp was mountain bike riding techniques, which the children practiced during rides around the reservoir and training sessions in the local **Lipno Bike Park**. Evening time was dedicated to games aimed at building team spirit and cooperation. The program also included a short first aid training, showing participants how to respond properly in case of an injury on the trail. The final day culminated in a joint climb to the **Treetop Walkway**, which gave the children a unique sporting experience and a panoramic view of the Lipno landscape.

About the Clubs

Both participating clubs have extensive experience in children's MTB sports. **Bike klub Vimperk**, in addition to training activities, is also active in racing, with results listed under its registered name **ROUVY**. The club also contributes to the **Šumava MTB Cup series**. It regularly organizes races in the Czech Republic and provides its young members with systematic preparation through training sessions and its own MTB camps.

The **Ski & Bike division of TSV Wegscheid 1894 e.V.** specializes in cycling training with certified Kids-on-Bike coaches. The club has its own modern facility, the **Bike Arena Wegscheid**, where around **80 children aged 4 to 14** regularly train under the guidance of 14 coaches and support staff.

The camp confirmed that sport is a universal language that can bring children together regardless of nationality. Shared experiences and new skills became the foundation for future cooperation between the two clubs.

This project is co-financed by the European Union within the framework of the Small Project Fund of the INTERREG Bavaria–Czech Republic 2021–2027 program.
